No.DITC/Dev.II/BRAP/2024/ Dated :- 12 /02/2025

PUBLIC NOTICE

MANDATORY REPORTING OF DISTRICT OF ORIGIN IN EXPORT DOCUMENTATION

In compliance with directives issued by the Government of India, all exporters from Goa are hereby required to **accurately report the "District of Origin"** for all exported goods in their export documentation. This requirement applies uniformly to **both manufacturers and non-manufacturers** and must be clearly distinguished from the **District of Procurement**.

Key Requirements for Exporters:

1. **Include the "District of Origin"** in all export documentation for goods manufactured or produced within Goa.
2. **Ensure accurate reporting** to differentiate between the district where goods are produced and where they are procured.
3. **Implement this requirement immediately** as per national guidelines to avoid any disruptions in export processes.

Why This is Important for Exporters?

A. Enhanced Recognition & Trade Promotion

- (i) Accurate export data will enable the government to identify high-exporting districts and develop **targeted export incentives**.
- (ii) District-wise branding and promotional initiatives will strengthen the **global visibility** of exporters.

B. Improved Infrastructure & Policy Support

- (i) Precise export data will guide investments in **logistics, warehousing, and connectivity**, benefiting exporters directly.
- (ii) It will help government to support exporters through **district-specific trade facilitation** measures.

C. Access to Trade Benefits & Incentives

- (i) Eligibility for various **state and national export schemes** will be improved with accurate district-level data.
- (ii) A well-defined District of Origin will help businesses qualify for **sector-specific benefits and duty exemptions**.

Implementation & Compliance

- A. Exporters must ensure **immediate compliance** with this directive. Any deviation may lead to difficulties in availing export benefits or processing trade documents.
- B. Goa's **District Export Promotion Committees (DEPC)** will aid in understanding and implementing this requirement.
- C. For further clarifications, exporters can reach out to office of **The Directorate of Industries, Trade & Commerce (DITC)**, Udyog Bhawan, Panaji, Goa 403001.

(Asvin Chandru A, IAS)

Director, Industries, Trade and Commerce
